...innovate and renovate with  
whatever tools they have at  
their disposal.

"Houston, we've had a problem.  
... main B bus undervolt"

“I don’t care about what anything was designed to do, I care about what it can do”

--From the movie, Apollo 13

Make it a conviction to stay calm  
and connected

Leading change is a *process* and the moments of sabotage are the most crucial times in the change process.

## Blue Zone Decisions (Mission)

- What furthers the mission?
- What Principles are at stake here?
- What values are we expressing?
- What pain must we endure?
- How will we support those who are experiencing loss?

How does all this relate to  
Jesus' ministry and ours?
